UNPACKING

After unpacking unit, inspect carefully for any damage that may have occurred during transit. Check for loose, missing, or damaged parts. If any damage is observed, a shipping damage claim must be filed with carrier. Do not use the OEMTOOLS Fan if broken, bent, cracked or damaged parts (including labels) are noted. Any Fan that appears damaged in any way, operates abnormally or is missing parts should be removed from service immediately. If you suspect that the Fan was subjected to shock load (a load that was dropped suddenly, unexpectedly, etc.) immediately discontinue use until it has been checked by a factory authorized service center.

WARNING

The following safety information is provided as a guideline to help you operate your Fan under the safest possible conditions. Any tool or piece of equipment can be potentially dangerous to use when safety or safe handling instructions are not known or not followed. The following safety instructions are to provide the user with the information necessary for safe use and operation. Please read and retain these instructions for the continued safe use of your service system. Failure to follow instructions listed below may result in serious injury. In addition, make certain that anyone that uses the equipment understands and follows these safety instructions as well.

IMPORTANT INSTRUCTIONS AND SAFETY RULES

1. Know your fan. Read this manual carefully. Learn the fan's applications and limitations, as well as, potential hazards specific to it.
 2. Keep work area clean and well lit. Cluttered or dark work areas invite accidents.
 3. Keep children away. All children should be kept away from the work area. Never let a child handle a fan without strict adult supervision.
 4. DO NOT operate this fan if under the influence of alcohol or drugs. Read warning labels on prescriptions to determine if your judgment or reflexes are impaired while taking drugs. If there is any doubt, do not attempt to operate.
 5. Use safety equipment. Eye protection should be worn at all times when operating this fan. Use ANSI approved safety glasses. Everyday eyeglasses are NOT safety glasses. Dust mask, non-skid safety shoes, hard hat or hearing protection should be used in appropriate conditions.
 6. Wear proper apparel. Loose clothing, gloves, neckties, rings, bracelets or other jewelry may present a potential hazard when operating this fan. Keep all apparel clear of the fan.
 7. Don't overreach. Keep proper footing and balance at all times when operating this fan.
 8. Check for damage. Check your fan regularly. If part of the fan is damaged it should be carefully inspected to make sure that it can perform its intended function correctly. If in doubt, the part should be repaired. Refer all servicing to a qualified technician. Consult your dealer for advice.
 9. Keep away from flammables. Do not attempt to operate this fan near flammable materials or combustibles. Failure to comply may cause serious injury or death.
 10. Store idle fans out of the reach of children and untrained persons. Fans may be dangerous in the hands of untrained users.
- Maintain fan with care.
 - Keep fan dry and clean.
 - DO NOT use a damaged fan. Tag damaged fan "DO NOT use" until repaired.
 - Use only accessories that are recommended by the manufacturer for your model. Accessories that may be suitable for one tool may become hazardous when used on another fan.
 - Fan service must be performed only by qualified repair personnel. Service or maintenance performed by unqualified personnel could result in a risk of injury.
 - When servicing a fan, use only identical replacement parts. Use of unauthorized parts or failure to follow maintenance instructions may create a risk of injury.
 - Maintain a safe working environment. Keep the work area well lit. Make sure there is adequate surrounding workspace. Keep the work area free of obstructions, grease, oil, trash, and other debris. DO NOT use this product in a damp or wet location.
 - Maintain labels and nameplates on this product. These carry important information. If unreadable or missing, contact OEMTOOLS for a replacement.
